Challenges

- **Breadth of the geographical area**
 - **Lack of Mine Action capacity compared to the size of contamination**
 - **Armed conflict since April 2019**
 - **Increasing number of displaced people**
 - **Movement restrictions**
- 

Needs

- **Urgent need to open regional LibMAC offices**
- **Capacity building/improvement**
- **More international and national MA NGOs**
- **More funds**

Victim Assistance

VICTIM ASSISTANCE IN LIBYA
POSITION PAPER

Author: Audrey Torrecilla-UNMAS Libya

UNSMIL UNMAS UNMAC

Victim Assistance

- Commissioned by UNMAS Libya in 2019 in coordination with the LibMAC to:
 - ***Produce a situation analysis and stakeholder mapping for VA interventions***
 - ***Help identify national needs and priorities in assistance to EO victims in Libya***
 - ***Formulate recommendations to help develop VA in Libya*** (121 page report)
- 2019 VA Launch Meeting and VA workshop:
 - ***Interest and commitment of CSOs, Libyan authorities and Humanitarian sectors to ensure inclusion of survivors and PwDs in National and Humanitarian programs***
- VA requires national ownership to be mainstreamed in national welfare systems and ensure sustainability
- Coordination and synergies should be pursued by National and International key stakeholders
