- Organization Representatives: 31.1, 31.1, 30.1, 31.1, 29.3
- Total Participants: 24.6, 24.6, 25.4, 28.2, 28.7
Women are not only victims... but also peace actors... and in establishing security.
WPS Indicators

- % of peace agreements with specific provisions to improve the security and status of women and girls
- Representation of women among mediators, negotiators and technical experts in formal peace negotiations
- Index of women’s and girls’ physical security on three dimensions:
  - Perceptions of physical security of women and girls (by location, time of day);
  - Proxy variables measuring women’s and girls’ ability to participate in public life;
  - Proxy variables measuring women’s and girls’ regular activities.
- % of benefits from temporary employment programmes received by women and girls
- Proportion of funds used to address gender equality issues
- % of benefits from DDR programmes received by women and girls
Gender Indicators for MA

- % of women participating in international MA meetings
- % of women working at different levels of responsibility in HMA
- % of women meaningfully participating in surveys/priority-setting processes/MRE/VA services
- % of benefits received by women and girls from MA programmes
- Qualitative and impact indicators:
  - Mine action programmes demonstrate how they apply Gender Equality Programming;
  - Impact of MA programmes on gender roles and perceptions in beneficiary communities;
  - Etc.
